My dear Mrs. Grundy: I have
been through the mix up of moving
we have landed to the South
side of the town for no other
reason than the fact we
can get more for our money
we have a fine room house &
very convenient are somewhat
crowded but all being women
can stand it very nicely we
have much better air & is much
more quiet do hate & move &
hope the next one last more
will be to Alexanders but do

not know when that will be
probably you will hire some
place and move your things
up there and hope if you do you
will get something large enough
so pop & Vernon can get
a room with you & get them
letter housed for the next weather
guess pop was disappointed that
we could not move up there
I had an own cousin come
from the east right in the
midst of our mix up had just
got a place to eat & sleep
but that was all, have had
to run around with him quite
a little as she came right during
the mill so the fair season

settles down for the nine months stay, had not seen her for seventeen years so we have had a great time going over our interesting years. She has been a widow for fourteen years and is alone in the world. Got a letter from papa in the which he told me Ed. M. is dead. He also said his former partner Talbert stole down the line for want of work and glad he is found out by the company such a character would not be any mines to that colony. Suppose the girls

are in school. I have none I send
To school any longer. the boy is
earning $12 a month working in J. W.
Robertsons new store - Marie thompson
is helping me with the house work
I wish you would write and tell me
all the news - I did so want
to be up there this winter but
guess it's all off now. I hate so
much for poor Ed to go through a
nasty wet winter with no one
to look after him. he is so un-
used to a rough life and it is so
against his nature + liking. I
will get my dinner as the girls
will be home soon and can't wait
a minute. always stuck, give
my love to the girls + write soon Ida.
